Date of issuance: May 07, 2012
Date of reception: April 26, 2012
Client reference : Model TERRACE20

Sample description: Artificial turf, NATURF brand, TERRACE
Colour : esmerald/olive

Applied standards : Cadmium, total content: EN 1122
Determination of PAH: ZEK 01.4-08
Alkylphenols : BVCPS inhouse method
Phthalates: EN 15777 (DEHP, DBP, BBP, DINP, DIDP and DNOP)

Based on the test results and conclusions contained in the above mentioned test report, we considered that the tested sample complies with the above listed European Standards.

The result relates only to the tested item. Samples are not stored longer than 3 months. The report shall not be reproduced except full without the written approval of the testing laboratory. Parameters which are not covered by the lab's testing scope are subcontracted to laboratories with government approval. The accreditation relates to competences given in the accreditation certificate. The analyses of mixed swatches is carried out at customer's special request and may imply a modification of the test standard. Please note that for results of mixed swatches below a given limit any single sample may exceed this limit. According to test specification separate testing is recommended in these cases.
